VEHICLE GRAPHIC PANELS

A common graphic language for side, front and rear placements.
Artwork grids below are not measurements for a particular vehicle model.

01 / SIDE

ADAPTABLE SIDE LAYOUT / keep door seams and wheel arches clear.

APPLICATION RULES

Keep glazing, lights, number plates and safety markings clear.

Do not bridge a door seam with the logo or the main headline.

Reflow the panels around real surfaces; never distort the logo or Space Field.

02 / FRONT

03 / REAR

MODEL-SPECIFIC PRODUCTION FILES FOLLOW DIMENSION CONFIRMATION.
Installer to confirm vehicle model/year, panels, film specification, cut paths, overlap, substrate and a full-scale proof.
